# Future Power Capital

Firm introduction

---

Future Power Capital Ltd

2026 Edition

## Who we are

Future Power Capital is a London-based investment house. We commit our own capital to businesses we believe in, and back that capital with real advisory work.

- We act as investor first, not an intermediary — every decision is made under our own governance.
- Based at The Tea Building, Shoreditch, London — in the heart of one of Europe's most active start-up neighbourhoods.
- A newly established, deliberately structured house: single accountable founder, clear governance, activities grown deliberately.

## What we do

| Area                          | Focus                                                 |
|-------------------------------|-------------------------------------------------------|
| Venture & Development Capital | Equity participation across growth stages             |
| Private Equity                | Majority / buyout positions in mature businesses      |
| M&A Advisory                  | Advisory around sale, acquisition, and capital events |
| Real Estate & Alternatives    | Real assets held within a diversified balance sheet   |
| Management Consultancy        | Strategy and organisation for growing businesses      |
| Deep Tech Programme           | Long-horizon support for hard-science teams           |

## How we invest

- **Principal capital.** We commit our own capital; decisions are made under our own governance, not on behalf of external limited partners.
- **Owner's judgment.** We can move with the pace and clarity a founder-led conversation requires.
- **Consistent discipline.** The same governance and standards apply whether the situation is venture-stage or a mature buyout.

## Who leads the firm

Silas Trent founded Future Power Capital in October 2025 and is its sole director, sole shareholder, and the person with significant control, as recorded on the official Companies House register. He holds 100% of the company's issued share capital.

Future Power Capital is a young, deliberately built structure — a founder-led company, a fully paid share capital base, and a clearly defined scope of activity, with the organisation defined function by function.

# Company facts

|                          |                      |                                      |
|--------------------------|----------------------|--------------------------------------|
| LEGAL NAME               | COMPANY NUMBER       | INCORPORATED                         |
