Asset Management

The relationship

Future Power Capital maintains a strategic relationship with Fidelity Investments, combining our access to private investment opportunities, emerging companies, real estate and science-driven ventures with Fidelity's institutional investment expertise, research capabilities and asset management infrastructure.

Through this relationship, Future Power Capital provides access to selected investment opportunities and entrepreneurial networks, while Fidelity supports our institutional investment approach through its global market expertise, research resources and investment capabilities.

The relationship, continued

The relationship is designed to create a complementary platform for identifying, evaluating and developing long-term investment opportunities across private markets and innovative sectors.

Areas of collaboration

- Private-market opportunity identification
- Institutional research and market expertise
- Long-term investment evaluation and development

This document describes the strategic complementarity and intentions of the relationship between Future Power Capital and Fidelity Investments. It does not disclose or refer to any specific transaction, agreement date, financial commitment, or performance outcome.
