The relationship

Future Power Capital maintains a strategic relationship with Pfizer, combining our access to innovative startups, emerging technologies, scientific ventures and investment opportunities with Pfizer's global expertise in healthcare, biopharmaceutical research, drug development and medical innovation.

Through this relationship, Future Power Capital provides access to selected early-stage companies, scientific projects and emerging technologies with potential applications across healthcare, biotechnology, artificial intelligence and life sciences. Pfizer contributes its scientific expertise, global healthcare ecosystem, research capabilities and experience in developing innovative technologies into scalable solutions.

The relationship, continued

The relationship is designed to identify and support high-potential scientific and healthcare ventures, creating opportunities for strategic collaboration, investment, research partnerships and long-term development across emerging areas of medicine and technology.

Areas of collaboration

- Early-stage scientific venture identification
- Healthcare and life-sciences research expertise
- Long-term development of medicine-adjacent technology

This document describes the strategic complementarity and intentions of the relationship between Future Power Capital and Pfizer. It does not disclose or refer to any specific transaction, agreement date, financial commitment, or performance outcome.
